

Mobile Feline Spay/Neuter Clinic a Success!

Summer
Edition
2017

Pet Friends, Inc.

Pet Friends' first Spay/Neuter Clinic, held on May 28th at Cassie's Top Dog Grooming was an amazing success! First and foremost, thank you to all of the volunteers who donated, advertised and helped with the manual labor that was involved in this event. We truly couldn't have done it without EVERYONE helping.

This was a public service event where, in addition to covering the cost to alter all feral cats, we were able to provide low-cost spays and neuters for the public. We are proud to say that we accomplished 34 spays and 18 neuters!

Cassie and her crew were absolutely amazing! They donated all the supplies, water, and electricity; groomed multiple cats for us that were in need of severe shaving due to unhealthy matting at no cost; gave us free use of their facility for our use, worked the event without being paid, donated money to help pay for some of the surgeries, and cleaned up for us! They even kept a homeless cat to find him a home! Cassie & crew,

you are wonderful!!!

Cassie's Top Dog Grooming is located at 70 Carpenter Lane, Irwin, PA 15642

Dr. Morrow!!!!

At the event, we also raised \$320 for Homeless Cat Management.

This event was so successful that we are having another one on September 17th, again at Cassie's Top Dog Grooming!! We hope to make this an annual event! Thank you, again, to everyone who helped with this event, especially Christy Yasofsky, Pet Friends' volunteer, for coordinating this event!

We vote for expiring terms of the members on our Board of Directors every May. This year, Dina Perri, was the only member not seeking re-election and only one person, Diane Betz, wanted to serve on our Board. Therefore, no elections were held.

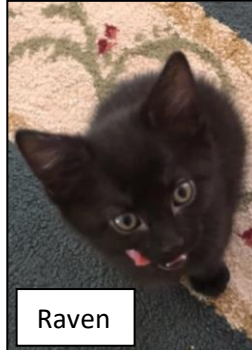

To Dina, we say Thank YOU for all you did for us in the past two years. To Diane, we say WELCOME to the Board! (Although Diane has been a treasured volunteer for us since the beginning!!!) We look forward to working with Diane as a Board Member for the next two years and, hopefully, beyond!

Update on our four bottle-babies featured on our front page in our Spring issue: They were rescued March 13th and were just days old. Every day they grew stronger and continued to thrive – thanks to the caring and love of their foster Mom! This group of four is the sweetest set of kittens you'll ever meet, they love to cuddle, be petted, and of course play!! And we are proud to say that Cookie and Oreo were adopted together and Ryleigh and Raven were adopted together!

Pet Friends has SNAP (Spay/Neuter Assistance Program) money!

Thanks to the kindness of one of our donors, we are able to provide free spays and neuters for people with limited incomes. Income qualifications start at \$35,000 for single income households, increasing by \$1,500 for each additional household member. Proof of income is required. Please call us if you believe you qualify and are in need of spay or neuter assistance for your dog or cat!

Our SNAP money also can help with feral cats.

2017 Adoptions (so far)

63 Cats
and
32 Dogs!!!

Recap of Events

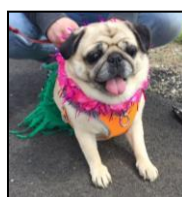

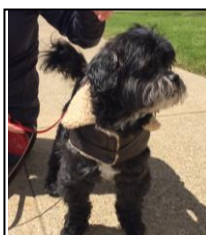

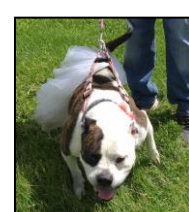

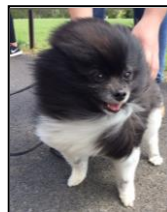

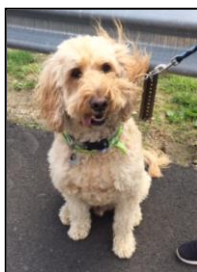

Annual Calendar Party!

Our annual Calendar Party was held on Sunday, April 30th and an enjoyable afternoon was had by all who attended. Activities included a light lunch, a Chinese auction, and a 50/50 raffle. We raised over \$3,200 at this event!! Thank you to everyone who attended, worked at the event, sponsored a table, and donated food and items. Special thanks go to Diane Betz for coordinating the event! We are already looking forward to next year's event!!!

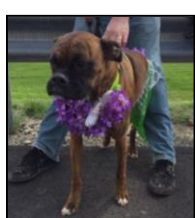

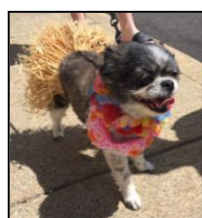

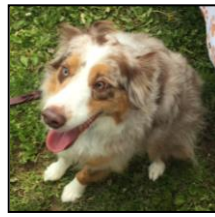

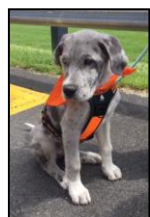

A Pet Parade!

Abby Hanlon, a student of Penn Trafford, as her senior project, coordinated a Pet Parade on the rain date, Sunday, May 7th, at Penn Trafford High School. There was a small fee to enter the event, prizes were awarded, and some pet items were sold. A total of \$270 was raised for Pet Friends and fun was had by all!

Thank you, Abby, for organizing such a big event and for being so kind to Pet Friends!!! Here are some of the photos taken at the event

Abby delivered her donation at our volunteer meeting. So kind of you Abby!

Second Annual Woofstock!

Our second annual Woofstock event was held on Saturday, May 20th. A number of bands entertained attendees and played the night away. In addition to the cover charge, we sold 50/50 raffle tickets, t-shirts, and held a Chinese Auction. We raised over \$2,050 at this event! Thank you to everyone who attended, worked at the event, and donated items. Special thanks go to Dina Perri for coordinating this event!

Walkers Pet HoTail Pawty!

On May 20th, Walkers Pet HoTail held their 10th anniversary celebration and invited Pet Friends to be a part of the event. One of our volunteers, Michele Albert, set up a table to sell small items and spread the word about pet rescue. Michele raised \$384 at this event! Thank you, Michele, and thank you Walkers Pet HoTail. Walkers Pet HoTail is located at 4603 William Penn Highway, Route 22 East, Murrysville.

White Oak Meet-a-Pet

White Oak Animal Shelter invited Pet Friends to join them June 17th for a meet a pet for our adoptable cats/kittens. Volunteers Pat Lydon, Keirstin Rothamel, Lisa Smith, Carly Toth, Ember Memler, Christie Yasofsky, and Kaylee Yasofsky attended the event. Thank you, White Oak Animal Shelter, for inviting us!

Saturday, June 24th, our First Beer Tasting Event!

On June 24th at the Rivertowne Brewery, Pet Friends held our beer tasting fundraiser! Admission included hot and cold refreshments, music by Common Ground Acoustic Band, a 50/50 raffle, a Chinese Auction and tastes of several kinds of beer. We raised over \$2,600 at this event! Thank you to everyone who attended, helped to organize this event, donated items, and worked at the event. Special thanks go to Faye Kuch for coordinating this fundraiser and a very special thank you to Bob Massie Toyota Scion, Rt. 30, N Huntingdon who was our Platinum Sponsor!

Did you know you should apply sunscreen on your pet if he or she spends more than just a few minutes outside, every day, in the hot summer sun? Pets with light skin and short or thin hair coat are particularly prone to sunburn and skin cancer. The sunscreen should be fragrance free, non-staining, and contain UVA and UVB barriers similar to sunscreens made for humans. Consult your veterinarian for the best product and ask about sunscreens made specifically for pets.

Dog Walkers Needed!

Pet Friends is in need of dog walkers at the kennel. We have recently lost some walkers and we have a couple that have had to take a leave for right now. It has always been our practice to have a team of two people for each shift. Our shifts are 7 days a week, 8-10:30am, which includes cleaning, and 4-5:30pm, which includes feeding and walking/exercising. At this time, we have several volunteers doing multiple shifts. Mostly we need help on Thursday evenings as well as, Sunday evenings for the 2nd, 3rd, 4th and 5th Sundays. If you are able to help, please email me at engsetterluv@comcast.net or contact us at 724-863-7722 and leave your name and number on the volunteer line. Thank you!

Visit us at Busy Beaver!

Please plan to visit us at Busy Beaver for Lunch with Pet Friends on July 22nd from 10:00 till 2:00! We will selling Hot dogs, graciously donated by Busy Beaver, drinks, homemade bake goods, and magnets! All proceeds will benefit Pet Friends' rescue efforts. Thank you, Busy Beaver, for sponsoring this event for us!!! We appreciate it.

Visit us at Sam's Club, Greensburg!

If you're in the area, please stop by on September 2nd at Sam's Club in Greensburg to say hello to our volunteers! They will be right outside the store sharing information about our organization and collecting donations. We hope a lot of people stop by to visit them!

Our 2nd Spay/Neuter Clinic!

Our first Feline Spay/Neuter Clinic was so successful that we are planning a second one on Saturday, September 17th, again at Cassie's Top Dog Grooming, 70 Carpenter Lane, N. Huntingdon, Pa. As with last time, appointments are required for drop off times. Check our website for additional details – information will be posted soon.

Annual Wine Tasting Fundraiser! **

Please plan to join us on Saturday, September 23rd, at the Greenhouse Winery, 2155 Gracin Lane, Rillton, Pa. from 7 to 9:30pm for our annual wine tasting event. Tickets will be \$25 Per Person (you must be 21 to attend) and will include hot buffet and desserts, music, a 50/50 raffle, and a Chinese Auction. Wine, beer, and pop will also be available for purchase.

**** Volunteers are needed** to sell tickets ahead of this event, to put up fliers, and to collect items for gift baskets. We also need volunteers to work at this event. If you can help, please call us at 724-863-7722 and leave your name and number on the fundraising line.

Did you know Pet Friends
United Way I.D. number for
Westmoreland County is 1381068?
We'd appreciate your support!

Did you know dehydration in dogs and cats is a real possibility during the summer, especially if your pet is the type to run and play outside for extended periods without drinking sufficient water? Telltale signs of dehydration include dry gums, loss of skin elasticity, and excessive drooling. Don't let it come to this. Give your active pet plenty of playtime breaks in the shade with access to fresh water.

Some other things to keep in mind:

Plan your walks during the cooler hours of the day.

When walking, try to stay off of hot surfaces (like asphalt) because it can burn your dog's paws.

If you think it's hot outside, it's even hotter for your pet - make sure your pet has a place/means of cooling off

37 and... 23 and... 19 and... Me?

With all the advertisements about discovering your ancestry through chromosome testing, did you ever wonder how many chromosomes dogs and cats have? Wonder no more!!

Dogs have 39 pairs of chromosomes. As with pairs of shoes, the number of pairs is multiplied by 2 to get the total number of chromosomes in dogs' cells. Therefore, the total number of chromosomes in dogs' cells is 78.	Humans have 23 pairs of chromosomes, for a total of 46. Twenty-two of these pairs, called autosomes, look the same in both males and females. The 23rd pair, the sex chromosomes, differ between males and females.	Most cats, including domestic breeds, have 19 pairs of chromosomes for a total of 38. Some types of cats in South America, however, have only 36 chromosomes, including ocelots, kotkots and margays.
---	---	---

Here's some more comparisons between dogs, humans, and cats we hope you find interesting:

The average life expectancy for dogs is not only determined by breed, but several other factors, such as weight. Generally, 12.8 years is their average life span. The oldest known dog, Bluey, an Australian cattle dog, lived to a verified age of 29 years and 5 months.	According to the World Health Organization, the average life expectancy of a human being, in 2015, was 71.4 years. The longest lived is Jeanne Louise Calment, who lived to the verified age of 122 years, 164 days.	The average life expectancy for male indoor cats is around 12 to 14 years, with females usually living a year or two longer. The oldest known cat, Creme Puff, lived to a verified age of 38.
The average Dog's nose is thought to contain as many as 300 million olfactory receptors.	The average human nose contains 5 million olfactory receptors.	The average cat's nose contains as many as 80 million olfactory receptors.
Dogs have approximately 1,700 taste buds.	Humans have approximately 10,000 taste buds.	Cats have approximately 470 taste buds.
Dogs sleep up to 18 hours a day.	While sleep requirements vary slightly from person to person, most healthy adults need between 7 to 9 hours of sleep per night.	Cats sleep an average of fifteen hours a day, and some can sleep as much as twenty hours a day.
Dogs can see violet, indigo, blue, and yellow. They are very good at telling the difference between violet, indigo, and blue. A blue-green color is the color white to dogs. Most dogs can see rich colors that are found in older paintings. They can see brighter colors, but not green.	There are three primary colors, red, blue, and green, that make the millions of colors that are distinguishable by the "normal" human eye.	Cats can see some colors. They can tell the difference between red, blue and yellow, and between red and green, although these are less distinguishable. Cats are able to distinguish between blues and violets better than between colors near the red end of the spectrum.
Dogs can hear low sounds around 40 Hz. Dogs can hear high sounds around 60,000 Hz. Dogs are more sensitive to loud noises so what humans can tolerate may be painful to a dog's ears.	Humans can hear low sounds around 20 Hz and can hear high sounds around 20,000 Hz.	Cats can hear the tiniest sound and gauge direction and distance from the sound. A cat's hearing is about 5 times greater than a human's, particularly with high-pitched sounds. Dogs have more pitch range, but otherwise their hearing ability is only about one-third that of cats.

Letters from our Alumni

In memory of our dear beloved Mikki. We lost our sweet little Bichon on December 27, 2016. She would have been 14 years old on April 17, 2017. Mikki was truly a member of our family. She traveled with us every year to the beach and even once to Florida. It's just not the same without her. We love her and miss her every day.

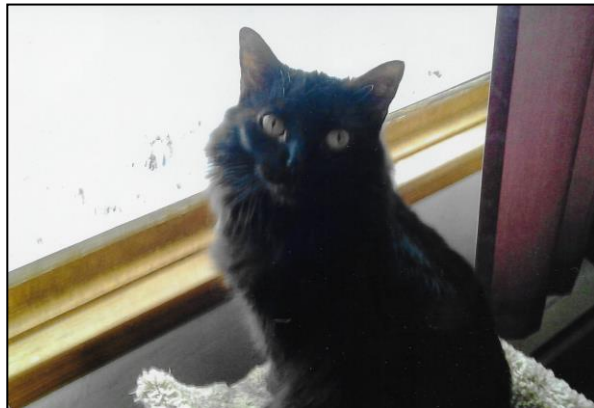

Thank you for taking such good care of the dogs and cats you have at Pet Friends.

Bev & Jeff Hall

Dear Pet Friends:

Jethro had his 5th birthday on May 31, 2017. He is still the happy, loving, energetic boy he has been since day one. This is him on one of his favorite spots. The window is usually dirty because his perch is just the right height that he can lay on it and he puts his elbows on the windowsill to look out. So those are nose marks on the window. Life wouldn't be the same without him.

Ellen

Dear Pet Friends:

We got our precious little girl in 2015 from from a wonderful group of volunteers from Pet Friends. We lost our little baby due to congestive heart failure from a congenital heart defect & Lymes disease which she had from the people who had her before us. She was approximately 8 months old when we got her and she was one of the loves of my life. We would do it all over again even knowing what we know. She was sweet and playful, had a great temperament, and she loved us as much as we loved her. We just wanted to let you know. We took her to the Doctor because she got a sudden cough. They did blood work and found her EOS to be high and put her on Benadryl. She wasn't getting better so I took her back the next week and that's when we realized what was happening. From that point the Doctor treated her aggressively trying to get her lungs clear but she slid rapidly. By the next week she still was not better and the Doctor gave us no hope of her pulling through this. We are absolutely heart broken. We thank you so much for blessing us

with our little Riley & are glad to have had her as long as we did.

She left us broken hearted. She was such a rambunctious little angel. She was truly a blessing and I'm thrilled that we got to see her bloom and play. We loved to snuggle together and she just sucked it all up like a sponge. She will be sorely missed but always loved. Brian & I appreciate all of you do for finding fur babies much needed forever homes. Thank you.

Kathy

Dear Readers:

Rex was the father of Bella's puppies and was adopted before the puppies were born. His new family brought him by for a visit, so we got to see how he has grown, and what a great dog he is. His owners say he is such a good boy, and they just love him.

Terence and Tracy

Dear Pet Friends:

Just a quick update about shadow, aka Jackson. He is doing great. I got the yard all fenced in so he has so much space to run and play with Kira. He is getting spoiled but he is worth it. We see you had a great week with adoptions. Thank you for all you do!

Donna

Dear Pet Friend:

Thank you for letting us adopt a wonderful dog. Bentley is adjusting well and we love him! We appreciate you working with us so quickly. All of you are so caring for your pets.

Sincerely, George & Peggy

Did you know many lawns are treated with fertilizers and pesticides during the summer and these can be a real hazard to dogs and cats? Pets love to run, play, and just investigate grassy areas. Keep your pet safe this summer by keeping them off unknown grassy areas or find a safe spot in your neighborhood or city, like a dog park. Remember, not all grass is created equal!

Memorials and Honors

In Loving Memory of Sally Anne Todoric.

Sally Todoric became a Pet Friends' volunteer in 2010 to join the committee for our first Wine Tasting Fundraiser held in November. She used her creative talents and background as a florist to design and turned the items donated into beautiful unique gift baskets for the Chinese Auctions.

She continued in this role as well as always being instrumental in the planning of each successful Wine Tasting Fundraiser, including the next one to be held this September. She also supported various other Pet Friends' fundraisers.

Sally adopted her beloved Arthur, a six-month old Schnauzer/Poodle, from Pet Friends on June 27, 2010. He was her constant companion. They were a team through his loyalty, antics, and his naughty times. Arthur was lovingly taken into Sally's sister-in-law's home and is now adjusting nicely to his new family.

Sally passed away unexpectedly on March 24, 2017. Always ready with her famous stories, she was also a very caring person who would know of someone needing help or comfort and be right there for them. She is greatly missed as a volunteer, friend, and a compassionate person to people and animals.

Memorial donations for Sally were received from Faye Kuch, Donna Warhold, and Marcia Godich.

They say memories are golden. Well maybe that is true. I never wanted memories. I only wanted you.
 A million times I needed you, a million times I cried. If love alone could have saved you, you never would have died.
 In life, I loved you dearly. In death, I love you still. In my heart, you hold a place that no one will ever fill.
 If tears could build a stairway and heartache make a lane, I'd walk the path to heaven and bring you back again.
 Our family chain is broken and nothing seems the same; but as God calls us one by one, the chain will link again.

Did you know leaving your pet in a car for a few minutes can quickly lead to heat stroke in dogs and cats? In bright sunshine, your car acts like an oven, becoming much hotter inside than the outside air. In fact, on a sunny, 70-degree day, your car can heat up to over 100 degrees within minutes. So, either take your pet with you or leave him/her at home during shopping trips.

Did you know antifreeze is something to watch out for year-round? Cars tend to overheat more and leak antifreeze during the summer. Pets find it delicious and, even in very small amounts, antifreeze is poisonous to dogs and cats. So be attentive when walking your dog around the neighborhood or letting your outdoor cat roam the streets.
